## Description :

Prsentation de l'diteur  
Lacy Dawn's father relives the Gulf War, her mother's teeth are rotting out, and her best friend is murdered by the meanest daddy on Earth. Life in the hollow is hard. She has one advantage -- an android was inserted into her life and is working with her to cure her parents. But, he wants something in exchange. It's up to her to save the Universe. Lacy Dawn doesn't mind saving the universe, but her family and friends come first. Will Lacy's predisposition, education, and magic be enough for her to save the Universe, Earth, and, most importantly, protect her own family? **Rarity from the Hollow** is adult literary science fiction filled with tragedy, comedy and satire. It is a children's story for adults, not for the prudish, faint of heart, or easily offended. *Revue de presse...* In the space of a few lines we go from gritty realism to pure sci-fi/fantasy. It's quite a trip -- *The Missouri* -- *The Missouri* ...utterly compelling...a chilling, engaging

verisimilitude that deftly feeds on both the utter absurdity of the characters motivations and on the progression of the plot.... In the spirit of Vonnegut, Eggleton takes the genre and gives it another quarter turn. -- Electric / Midwest Book --Electric / Midwest Book ...a hillbilly version of Hitchhiker's Guide to the Galaxy...what I would have thought impossible; taken serious subjects like poverty, ignorance, abuse...tongue-in-cheek humor without trivializing them...profound...a funny book that most sci-fi fans will thoroughly enjoy. -- Awesome Indies (Gold Medal) --Awesome Indies (Gold Medal)Prsentation de l'diteurLacy Dawn's father relives the Gulf War, her mother's teeth are rotting out,and her best friend is murdered by the meanest daddy on Earth.
