If you've ever wondered how you can make mouth-watering Shortbread or a Chocolate Swiss Roll / Yule Log, English Teatime Treats is what you've been waiting for. "This is not a book about making a pot of tea or the history of tea. Nor will it tell you which plates to use or how to set the table. It's a collection of recipes I enjoy making, all of which have become firm favourites with family and friends. Every recipe in this book has been tried, tested and developed over many years but this is the first time I've compiled recipes into a cookbook. Initially I set about producing a cookbook for my family and my best friend and if it wasn't for them, chances are, I'd never have written this book. I hope my English Teatime Treats bring you much enjoyment, both in the making and in the eating."
