Description :

Prsentation de l'diteurWritten with an expert's insight yet an easily readable style, this important book is certain to reinvigorate discussion of this monumental archaeological find. Like the Dead Sea Scrolls, the Qumran site continues to be the object of intense scholarly debate. In a book intended to introduce general readers to this fascinating area of study, Magness provides an overview of the archaeology of Qumran and presents an exciting new interpretation of this ancient community based on information found in the Scrolls and other contemporary documents.Prsentation de l'diteurWritten with an expert's insight yet an easily readable style, this important book is certain to reinvigorate discussion of this monumental archaeological
