Description :

Prsentation de l'diteurIn a world where the only certainty is uncertainty, the one sure source of lasting competitive advantage is knowledge. The best companies survive by consistently creating new knowledge, disseminating it widely throughout the organization, and quickly leveraging it in their business processes and their products. In *The Knowledge-Creating Company*, Ikujiro Nonaka shows how your company can exploit its knowledge to continually innovate and reinvent itself in the face of relentless change. Since 1922, Harvard Business has been a leading source of breakthrough ideas in management practice. The Harvard Business Classics series now offers you the opportunity to make these seminal pieces a part of your permanent management library. Each highly readable volume contains a groundbreaking idea that continues

to shape best practices and inspire countless managers around the world. *Revue de presse* When the authors detail specific examples of knowledge creation, the reader's interest awakens. (The Wall Street Journal) Nonaka and Takeuchi demonstrate for the reader how it is possible to transfer tacit knowledge into explicit, which in turn is used to create new knowledge. (Knowledge Management, June 2000) Nonaka is indispensable. (Financial Times) Nonaka and Takeuchi have written an academic study that summarises their theories and presents case studies illustrative to a western audience ... a guide to practitioners, based on materials for workshops and consultancy by the authors. (Financial Times) Provides a perceptive and very relevant analysis of how Japanese companies go about creating new knowledge organizationally ... One of the most valuable new books I have covered ... for some time. (Long Range Planning) The book, an esoteric mixture of philosophy and practical guidance, has been a business bestseller in the US. (Charles Leadbeater, Financial Times) *Présentation de l'auteur* In a world where the only certainty is uncertainty, the one sure source of lasting competitive advantage is knowledge. The best companies survive by consistently creating new knowledge, disseminating it widely throughout the organization, and quickly leveraging it in their business processes and their products.
