Description :

Prsentation de l'diteurHes back! The release of Terminator: Genisys (now on BluRay) is set to begin a new trilogy in the Terminator story... 31 years after the first film was released. What draws us to these films about a cybernetic organism from the future sent back in time? Why is there a new proposed trilogy every few years? This book looks at all five Terminator movies from a story standpoint - what makes them work (or not)? What are the techniques used to keep the characters and scenes exciting and involving? How about those secret story details you may not have noticed? Containing a detailed analysis of each of the five films so far, this book delves into the way these stories work... as well as a complete list of box office and critical statistics for each film. Plus: Information about a *new* TERMINATOR trilogy! Produced by James

Cameron! This book is great for writers, directors, and just fans of the series. Presentation de l'diteur Hes back!
